One Dispenser...

Oxygen-Pro is the perfect odor control system for any establishment as the user can program the dispenser to work for 30, 60 or 90 days, and can select different fragrance intensity levels with the flexibility of two different cartridge sizes to choose from.

.. and three intensity settings

Lowest Cost-in-use

When using the **Grande cartridge**, the dispenser can be programmed to work for 30 days, 60 days or 90 days. The cartridge contains 32 ml of pure fragrance oil, that is approximately 7 times more fragrance oil than a standard metered aerosol can. The fragrance intensity can be changed to a strong (30 days), normal (60 days) or (90 days) mild scent.

30/60/90 Days

***Two years shelf life for the cartridges**

“Servicing Oxygen-Pro is so easy with no complicated programming. It takes just a few seconds to fit a new cartridge.”

The dispenser automatically detects the Grande cartridge and works as per the chosen setting.

The Oxygen-Pro cartridges are available in a wide range of fragrances and are compliant with CARB, EU, IFRA and REACH regulations.
